- A** = Assistance with body care

This acronym holds the phrase **Good Euthanasia** and each letter represents one of the 14 essential components of the ideal companion animal euthanasia appointment. This list is to be used as a point of reference for veterinary teams working with caregivers and their pets during this important time.

Another key consideration, not included in the list of procedural components, is the emotional health of the veterinary team. All involved personnel are encouraged to practice self-care before, during, and after every appointment.

The Companion Animal Euthanasia Training Academy provides outstanding education in companion animal euthanasia to improve the overall experience for the pet, caregiver, and veterinary team.
